

EMPLOYMENT OPPORTUNITY Supervisor, Challenge Course

CODA:

The Calgary Olympic Development Association (CODA), is Canada's leader in creating Canadian Olympic winter sport excellence, from the grassroots level to the country's Olympic best. CODA's mission is the prudent management and utilization of its legacy assets to enable CODA to advance and sustain innovative programs and facility development in partnership with those who share its vision.

Job Posting:

An exciting opportunity exists for a supervisor, challenge course within CODA's recreation division. Reporting directly to the director of recreation, this individual will be responsible for the development, planning and implementing of all challenge course programs.

The supervisor, challenge course is responsible for training, mentoring and scheduling of all challenge course facilitators, and support staff, to ensure consistent product delivery and premium guest experience. This individual will communicate with all relevant internal and external stakeholders while working closely with both CODA's sales and marketing teams to ensure optimal and accurate product delivery.

The successful candidate will have a post-secondary diploma or certificate in outdoor education, recreation or other related field of study, along with a minimum three years experience in challenge course or high ropes industry and leadership management. A high level of energy with strong communication, public speaking, relationship building, interpersonal and team building skills are also a must.
